

FORMULA ONE

DEGREASER CONCENTRATE

PATENTED DESIGN FEATURES

- POSITIVE EMULSION BLEND: spontaneously emulsifies greasy soil to improve cleaning
 - o prevents soil/dirt re-deposition
- BALANCED BUILDER BLEND: sustained, buffered alkalinity and excellent rinse ability
- SURFACE SAFETY: built-in flash corrosion inhibitor
- WORKER SAFETY: contains no solvents, phosphates or Section 313 listed chemicals
- USDA RATING: A-1
- One of many Dual Draw systems

PROFESSIONAL RECOMMENDATIONS

- This is an excellent “catch-up” cleaner that will perform best when used regularly
- Use ‘grit’ type brushes on auto scrubber to enhance cleaning on unfinished concrete/other flooring
- Overlap your cleaning passes to assure uniform cleaning and double scrub when heavy soil present
- When mop cleaning, suggest split bucket with microfiber mop to provide most effective cleaning
- If applying with a pressure washer, stay out of mist
- NOT recommended for removal of baked-on or dried, hardened soils- use solvent fortified, i.e. Five B

APPLICATION

Industrial heavy duty maintenance cleaner – floors, walls, machinery, hoods, sumps, vent systems through mechanical cleaning devices and dip-tank applications.

SPECIFICATIONS

- Appearance: clear, red liquid
- Odor: Mild, characteristic
- Density (lbs/gal)(±0.1 @20o C): 8.82
- pH(conc.)(± 0.5 @20oC): 13.2/11.6
- Refractive index (± .0020 @20oC): 1.3489
- Hard water tolerance(as ppm CaCO3): >2700 ppm
- Solvent %: none
- Flashpoint (TCC): none
- Foam generation: moderate
- Stability (40o – 120oF): stable
- Freeze/thaw stability: Ok, 3 cycles
- Shelf life (closed containers, 40o – 120oF): 1 year

DIRECTIONS

- dilute Formula ONE with water as follows:
 - Heavy soil – 5:1 (26 oz./gallon)
 - Moderate soil – 20:1 (6 oz./gallon)
 - Light soil – 50:1 (2.5 oz./gallon)
- Remove loose soil and garbage.
divide floor into workable section
- Apply to surface liberally while scrubbing
Allow to set/work.If heavy soil doublescrub
DO NOT ALLOW to dry.
- pressure washer draw concentrate directly
follow manufacturer’s directions according
to soil levels.

Always read MSDS sheets prior to use and wear safety equipment recommended.
