

Hydrogen Peroxide Multi-Purpose & Disinfectant

A cleaning program needs not be complicated to be effective.

**HOWEVER, TO MAXIMIZE ITS POTENTIAL,
IT MUST FOLLOW ESTABLISHED RULES...**

In a perfect world, one dilution of a single chemical would clean everything and sanitize while you're cleaning... unfortunately, it isn't a perfect world. The over-use of disinfectants and sanitizers has been connected with both the development of "Superbugs", and the increase of asthma and other breathing difficulties. Disinfectants should be used carefully, sparingly and thoughtfully.

**ES72 Hydrogen Peroxide
Multi-Purpose Cleaner**

Clean first, clean thoroughly, and clean almost every surface in your facility with...

ES72 MULTI-PURPOSE CLEANING SYSTEM IN A BOTTLE.

With a high-grade and readily biodegradable surfactant, and the power of hydrogen peroxide, this cleaning compound is only limited by the choice of dilution and your imagination. It is fully effective on a wide range of surfaces:

Light Duty—Glass & Hard Surface: Glass, plastic, laminates, trim, walls and partitions. Effective in mopping, auto-scrubbing and carpet extraction. (1oz/gallon)

Medium—Soiled Surfaces: For hand cleaning of porcelain, stainless, chrome, desks, counters and more. This dilution also makes a very effective carpet pre-treat for traffic areas. (4oz/gallon)

Heavy—Spots & Stains: For the toughest removal of soap scum and some hard water stains. Will remove most ink and marker from walls and desks. For carpets, effective for spotting spots of wine and juice. (12oz/gallon)

Sizes:
ES72-IS (0.52 US Gal.) ES72-4 (1 US Gal.)
ES72-CS (1.25 US Gal.)

**ES64H Neutral Disinfectant
Cleaner**

Disinfect effectively and only where you must protect high-touch surfaces with...

ES64H NO-RINSE, NO NPE, NON-ALKALINE, NEUTRAL PH CLEANER, DISINFECTANT AND DEODORIZER.

It is suitable for use in schools, hospitals, medical and dental offices, nursing homes, fitness facilities and public restrooms. At 2oz/gallon it is a broad spectrum anti-bacterial, virucide and fungicide. It is effective against Hepatitis B, Herpes Simplex Type 1 & 2, MRSA and HIV-1.

Sizes:
ES64HNUS-4 (1 U.S. gal.) ES64HNUS-CS (1.25 U.S. gal.)
ES64HNUS-IS (0.52 U.S. gal.)

See www.enviro-solution.com for full microbial efficacy data information.

WALL MOUNTED DISPENSER

Product Code: ES-662-EGAP

Blendsafe II

- More versatile than competitors' dispensers
 - Reduces ready-to-use costs substantially
 - Allows for mop-bucket and spray-bottle filling
- Accurate dilution control saves money,** reduces indoor air pollution, reduces employee exposure to concentrated chemical and fumes and provides consistent dilution for optimal product performance.

PORTABLE DISPENSER

SafeLink One™

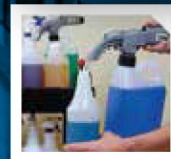

HF/LF Dispenser
Foamer Sprayer

Product Code: ES-SLDUAL

Product Code: ES-SLFOAM

The efficiency of portability...

The safety of Adaptive Closed Loop...
the innovation of SafeLink ONE™

Choose a dispenser that fits your needs. Enjoy excellent results.

Improved Product Info Sheets, SDS and Training Videos that can be easily accessed on our Enviro-Solutions® website at www.enviro-solution.com

The Value of Color-Coding...

We intentionally color-code our program to work in conjunction with your existing microfiber cleaning system. Microfiber enhances the performance of this program by adding additional mechanical action on top of our great chemistry.
