

General Purpose Disposable Gloves

Selection • Quality • Price!

Pioneer Brite has gloves for a variety of applications. They can be used for foodservice, janitorial, healthcare, hospitality and schools. From vinyl to nitrile to latex, our gloves are sure to meet our customers' needs. Our vinyl gloves are an excellent choice for those who are looking for a latex free alternative. Our nitrile gloves are super strong and do an exceptional job creating a barrier of protection. Finally, our latex gloves offer superior comfort and fit while also providing another durable option that offers good barrier protection. Our vinyl and latex gloves also come in both powdered and powder-free options.

- *Several popular sizes, substrates and types in powdered and powder-free options*
- *Made from materials which fully comply with the FDA for food contact and food handling*
- *The powdered gloves are made with cornstarch ingredient*
- *Gloves are free of DOP/DEHP*

- **Non-Sterile**
- **Ambidextrous**
- **Single use only**
- **Available in sizes S-XL**

Vinyl

Uses:

- Food service
- General purpose

Benefits:

Latex-free to minimize the risk of allergic reaction

Latex

Uses:

- Food Processing
- Handling small parts
- General purpose

Benefits:

Superior comfort, softness, and fit
Textured surface on palm and fingers provides a better grip
Good barrier protection

Nitrile

Uses:

- Industrial
- Automotive
- Chemical handling
- General purpose

Benefits:

Strong barrier of protection from water, solvents, and chemicals with a very low rate of leakage
Elastic, durable and strong, not easily torn or punctured
