

## **Where Does Your Dirt Go?**

Using one of PioneerBrite's Micro-Fiber systems integrated with our performance chemicals ensures your dirt goes down the drain. It's not spread around to other surfaces because you are using the wrong mop bucket or the wrong micro-fiber cloth or the wrong cleaning pad.

Pioneer Brite has an integrated Micro-Fiber system for solving your toughest cleaning challenges.....

**GUARANTEED**

### Critical Care and Retirement Care

You will be glad to know our *integrated system* for cleaning low traffic areas uses fewer chemicals, less water, fewer micro-fiber cloths and best of all.....less effort. You get finished faster with no waste. For areas where there is less dirt, use our sealing bucket system.

#### Sealed Bucket Pre-Treated Pad System with Flat Micro-Fiber Mop

Specially designed cart for easy, convenient access to each tool, and disposal of soiled microfibers after use.

#### Sealed Bucket System :

- ❑ Reduces cross contamination
- ❑ Reduces trips to and from the mop sink
- ❑ Color-coded for best practices
- ❑ Drastically reduces water and chemical use.
- ❑ Easier for employees to use

Cloths: Premium 300 gram weight for maximum cleaning effect.

#### Easy to Train - COLOR coded Microfiber Tools

Blue - General Purpose Cleaning

Green - Food Service Cleaning

Yellow - Restroom Cleaning

White - Floor Finish Application

Fantasy Red - Critical Care

Measure Bucket

### Education and Hospitality

Using the right chemistry with the right equipment and applying Pioneer Brite's know-how means an integrated system that matches the task at hand. For more dirt, use our divided bucket system with tab or tube mop.

#### Divided Bucket System with Tab and Tube Micro-Fiber Mop

#### Double Bucket System :

- ❑ Separates clean and dirty solutions for longer solution life
- ❑ Reduces trips to and from the mop sink
- ❑ Accommodates both tube mops and flat tab mops
- ❑ Color-coded for best practices
- ❑ Easy to maneuver with large casters

Laundry Do's  
Before first use, wash below 190° F

## Retail • Industrial • Commercial Building

For high traffic areas of your business where the effort is greatest and your need to save is most important, use our proven integrated system with our divided bucket and micro-fiber tube mop.

### Double Bucket System with Tube Micro-Fiber Mop

#### Double Bucket System :

- ✦ Separates clean and dirty solutions for longer solution life
- ✦ Best for heaviest soil loads
- ✦ Easy to maneuver with wide base
- ✦ Works with either tab mops or tube mops
